

ADHESIVE PLATE

DESCRIPTION

The Vasco insulated air ducts and accessories, together with the other Vasco ventilation products, assure a unique low-noise ventilation system. The insulated parts were developed to meet the ever more stringent requirements for thermal insulation and noise level in living spaces that are set for air-technical installations with heat recovery. These insulated parts must be applied to the outdoor connection of the ventilation system.

The Vasco adhesive plate must be applied in order to install a roof feed-through on a flat roof.

TECHNICAL DATA

Material	Aluminium
Suitable for air duct	Ø160/125 mm
	Ø200/170 mm
	Ø255/200 mm

Dimensions in mm
