

MULTI+
RADIATOR ACCESSORY

MULTI+

MULTI+ can be perfectly combined with every vertical designer radiator of Vasco. The stylish towel bar, which can be attached on both the left and right of the radiator, widens out into a tablet that offers space for placing your favourite things. Thanks to the invisible fastening it looks as if MULTI+ is floating in front of the radiator.

VASCOGROUP

is a comprehensive provider of heating and ventilation solutions throughout the world, especially for residential applications. Its best-known brands are Vasco, Brugman and Superia. **Vasco is a leading producer of designer radiators, ventilation and underfloor heating, and market leader in bathroom radiators (Benelux). Brugman and Superia** are high-quality brands for **panel radiators** and belong to the absolute top in their segment. Vasco Group develops and optimises improved technologies and products for the indoor climate of the end user. This is achieved by focusing strongly on the individual needs of the end customer.

The search for alternative materials, novel designs and innovative production methods has already earned Vasco several awards and prizes. The headquarters is established in Dilsen. The production plants are located in Tubbergen (Netherlands), Zedelgem (Belgium), Dilsen (Belgium) and Legnica (Poland). The Vasco Group has 700 employees and belongs to the **Vaessen Industries** group of companies.
